

Obtain a Report

To obtain a fire report you will need to submit a request in writing or apply in person at the Administrative Center. A copy fee will be charged depending on the number of pages of the report. Please allow seven (7) days from the date of incident to obtain the report. You will need to have the date and address of the incident and identification if picking up in person. Report copies will not be faxed; they will be mailed or given in person.

To obtain an EMS report you will need to fill out the necessary documentation provided by the Administrative Center. (A written request can be faxed to the Fire District) This will include a medical authorization release from the patient and proof of identification before this information will be released due to the HIPAA regulation. Further information can be obtained under the EMS section of the Privacy Act on this website.
